

First Security Benefit Life Insurance  
and Annuity Company of New York

# **EliteDesigns® Variable Annuity**

Quarterly Performance Report as of March 31, 2025

The performance data quoted represents past performance. Past performance is no guarantee of future results. The investment return and principal value of an investment in a variable annuity will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance quoted. Go to [www.FSBL.com](http://www.FSBL.com), select your annuity and “click” on the Performance tab for the most recent month-end performance.

<sup>1</sup> The current yield reflects the deduction of the maximum mortality and expense charge and the administration fee, but does NOT reflect deduction of any rider charges. The current yield quotation more closely reflects the current earnings of the subaccount than the total return. Yield fluctuates.

**You could lose money by investing in a money market fund (the "Fund"). Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time.**

**LIMITED** - This investment option is closed to new purchases or transfers unless an owner has an existing balance in this investment as of the date of the closure.

Neither First Security Benefit Life Insurance and Annuity Company of New York nor Security Distributors is a fiduciary and the information provided is not intended to be investment advice. This information is general in nature and intended for use with the general public. For additional information, including any specific advice or recommendations, please visit with your financial professional.

**You should carefully consider the investment objectives, risks, charges, and expenses of the investment options available under the variable annuities offered. You may obtain a prospectus and/or summary prospectus that contains this and other information about the investment options or variable annuity by calling our Service Center at 800.888.2461. You should read the prospectus and/or summary prospectus carefully before investing. Investing in variable annuities involves risk and there is no guarantee of investment results.**

**NON-STANDARDIZED WITH CHARGES** - The numbers presented here are non-standardized performance. Performance calculations are based on a \$1,000 investment in each Subaccount, include reinvestment of dividends and capital gains and reflect a 0.20% base mortality and expense risk fee and the deduction of an annual administration fee of 0.25%, and the optional death benefit charge of 0.35%. Performance calculations that cover periods from the inception date of the underlying investment option through 8/7/2020 reflect an additional 0.20% base mortality and expense risk fee (except investment options added to the product after 8/7/2020 don't reflect the additional 0.20% base mortality & expense fee). Non-standardized average annual returns are hypothetical calculations from the inception date of the underlying investment option. Certain of these annual returns pre-date the offering of the funds as an underlying investment option in the variable annuity. The performance of your contract will depend on the value of your contract, the investment options and the riders, if any, that you select.

**NON-STANDARDIZED WITHOUT CHARGES** - The numbers presented here are non-standardized performance. Performance calculations are based on a \$1,000 investment in each Subaccount, include reinvestment of dividends and capital gains and the deduction of an annual administration fee of 0.25%. Performance calculations that cover periods from the inception date of the underlying investment option through 8/7/2020 reflect an additional 0.20% base mortality and expense risk fee (except investment options added to the product after 8/7/2020 don't reflect the additional 0.20% base mortality & expense fee). The performance shown does not reflect deduction of any rider charges. If these fees and charges were deducted the performance would be lower. Non-standardized average annual returns are hypothetical calculations from the inception date of the underlying investment option. Certain of these annual returns pre-date the offering of the funds as an underlying investment option in the variable annuity. The performance of your contract will depend on the value of your contract, the investment options and the rider, if any, that you select.

**STANDARDIZED PERFORMANCE** - The numbers presented here are standardized performance numbers. The SEC and FINRA require standardized performance to accompany all presentations of non-standardized performance. The standardized performance is based on a \$1,000 investment in each Subaccount, include reinvestment of dividends and capital gains, the maximum mortality and expense risk fee of 0.20%, the administration fee of 0.25%, and the optional death benefit charge of 0.35%. Performance calculations using Subaccount prices from inception date of the underlying investment option through 8/7/2020 reflect an additional 0.20% base mortality and expense risk fee (except investment options added to the product after 8/7/2020 don't reflect the additional 0.20% base mortality & expense fee). The Performance Start Date for standardized performance is the date the underlying fund was added to the Separate Account.

**Guarantees provided by annuities are subject to the financial strength of the issuing insurance company. Annuities are not FDIC or NCUA/NCUSIF insured; are not obligations or deposits of, and are not guaranteed or underwritten by any bank, savings and loan or credit union or its affiliates; are unrelated to and not a condition of the provision or term of any banking service or activity.**

Triple-digit or high double-digit performance is attributable, in part, to unusually favorable market conditions and may not be repeated or consistently achieved in the future. Recent market volatility may affect performance so that current performance may be lower. Performance, especially for short time periods, should not be the sole factor in making your investment decisions.

The EliteDesigns Variable Annuity, [policy form no. FSB 242 (1-07)], is a flexible premium deferred variable annuity issued by **First Security Benefit Life Insurance and Annuity Company of New York (FSBL)**, Albany, NY, which is solely responsible for all contractual obligations.

Variable Annuities are distributed by **Security Distributors**, an affiliate of FSBL.

Morningstar Peer Group Rankings are based on total return performance and do not reflect the effect of sales charges. Funds are ranked within a universe of funds similar in investment objective.

Morningstar Rankings: For each fund with at least a three-year history, Morningstar calculates a Morningstar Rating™ based on a Morningstar risk adjusted return measure that accounts for variation in a fund's monthly performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of funds in each category receive 5 stars, the next 22.5% receives four stars, the next 35% receives three stars, the next 22.5% receives two stars and the bottom 10% receives one star. (Each share class is counted as a fraction of one fund within this scale and rated separately, which may cause slight variations in the distribution percentages.) The overall Morningstar Rating for a fund is derived from a weighted average of the performance figures associated with its three-, five-, and ten-year (if applicable) Morningstar Rating metrics.

Neither FSBL nor Security Distributors nor their affiliates/subsidiaries are related to Morningstar.

**Annuities are long-term investments suitable for retirement investing.**
