The Fixed Account rate is set at contract issue using the effective rate published above. After the first and any subsequent Contract Years, the Fixed Account rate will be reset at a rate at least equal to the Guaranteed Minimum Interest Rate (GMIR) stated below.

Guaranteed Minimum Interest Rate (GMIR) Effective: 04/01/2026	2.45%
--	-------

Rates are subject to change, and may change at any time without notice. Rates are effective for applications received in good order after the effective date indicated above. The rates set forth herein may not be available at the time an application is accepted by Security Benefit. The GMIR, the Guaranteed Caps, Guaranteed Spread, and Guaranteed Participation Rate are determined at time of issue and are guaranteed for the life of the contract.

Interest Rate Lock Program: Security Benefit offers a rate lock program for new applications received in good order within 10 business days of applicant signature where we will lock in the current rate while we process applications and wait for funds to arrive. Under this program, funds received within 60 calendar days from the applicant's signed date on the application will receive the higher interest rate of 1) application signed date or 2) issue date. Rate lock will not apply on applications received after 10 business days from the signed date or funds that are received after 60 calendar days from the signed application date. These contracts will be issued with the Interest Rate, Caps, Spreads, and Participation Rates in effect on the respective date the contract is issued. The Interest Rate Lock Program does not apply to the GMIR.
