Availability

The Internal Revenue Code defines when loans are allowed. Please consult with your financial representative.

Amount Available to Borrow

The minimum loan amount is \$1,000. Generally the maximum available is equal to the lesser of: (1) \$50,000 reduced by the excess of: (a) the highest outstanding loan balance within the preceding 12-month period ending on the day before the date the loan is made, or (b) the outstanding loan balance on the date the loan is made; or (2) 50% of your account value or \$10,000, whichever is greater. However, you may not borrow an amount which exceeds 80% of your Contract Value.

Interest Rates

Interest will be charged for the loan and will accrue from the effective date of any loan. The interest rate will be as declared from time to time by Security Benefit. Please see your current Prospectus for details.

Repayment Period

Generally, loans must be repaid in five years. However, if the borrowed amount is utilized to purchase a principal residence, it must be repaid within 30 years. All loans must be repaid prior to the annuity start date.

Please note that Security Benefit recommends that you document and be prepared to demonstrate to the IRS that your principal residence loan was, in fact, used to acquire a principal residence.

Repayment Frequency

Security Benefit allows the borrower to select a monthly or quarterly repayment period.

Method of Repayment

For convenience purposes, we have established an Electronic Fund Transfer (EFT) bank draft program you can utilize for repayment.

Each loan payment will be directed according to the future allocations authorized for all contributions.

Missed Payments (Grace/Default)

If any amount due is outstanding at the end of a calendar quarter, the loan will enter the grace period. If this amount remains outstanding at the end of the second consecutive calendar quarter, the loan defaults.

At the time of default, the entire outstanding balance, with any accrued interest will be reported to the IRS on form 1099-R at the end of the year. Once a loan has gone into default, regularly scheduled payments will not be accepted and new loans will not be allowed. In addition, interest will continue to accrue on a defaulted loan. At any time, the entire amount of the principal, plus accrued interest may be paid in full. The account may terminate if the outstanding loan balance equals or exceeds the account balance.

Time Requirements

There is no waiting period required on a new account prior to requesting a loan. A loan can be requested once the minimum account balance is attained.

To apply for a loan, submit a completed loan application and agreement to Security Benefit.
